

# NTESMO Communications guideline

## Procedure consultation first stage participant response template

Participant:

Submission date:

This template is to assist stakeholders in giving feedback about the changes detailed in the initial draft procedures associated with the Communications Guideline consultation.

The consultation is being conducted for the initial adoption of the NT Communications Guideline and use of the Australian Electricity Market Operator (AEMO) Market Settlements and Transactions Solutions (MSATS) system for information exchange processes.

## **Adoption of communications guideline**

1. Do you support having the same information exchange processes for all NT electricity sites?
2. Do you support the adoption of the 'communication guideline' as included in this change proposal?
3. Do you support the stand-alone structuring of these documents and consulting under the Rules Consultation Procedure on future changes to these documents?

## **Use of AEMO MSATS system in the NT**

4. Do you support the use of the AEMO MSATS system and associated procedures for the delivery of information exchange processes in the Northern Territory?
5. Do you understand the distinction in responsibilities between NTESMO and AEMO?

## **Use of MSATS for NMI Standing Data and Customer Transfers**

6. Do you support the proposed new mechanism for the retail transfer of a customer?
  
  
  
  
  
  
  
  
  
  
7. Do you support the adoption of NEM12 and NEM13 meter data file formats for the delivery of meter data under this Proposal?

## **NT B2B Procedure Service Order Process**

8. Do you support the list of available business to business transactions?

## **NT B2B Procedure Customer and Site Details Notification**

9. Does the life support process and data contained within this Procedure satisfy your organisations requirements for life support? If not please explain any discrepancy.

## **NT B2B Procedure Meter Data Process**

10. Does the proposed mechanisms for the delivery and querying of meter data support the operational requirements of your organisation? If not please explain any concerns.

## **NT B2B Procedure Technical Delivery Specification**

11. Are the detailed technical specifications sufficient for participants to design and commission the information systems necessary for it to engage with the proposed information exchange processes?

## **Use of AEMO Guides and schema documents**

12. Do you support the proposed NTESMO model of utilising the AEMO guides and technical documents where possible rather than reproducing a NT version of these documents?
