1. Context

This template is to assist stakeholders in giving feedback about the changes detailed in the amended draft procedures associated with the Communications Guideline consultation.

The consultation is being conducted for the amendments to the NT Communications Guideline and associated procedures.

2. Participant comments

Unique Customisations in the NT Procedures

1. Do participants support the approach of NTESMO to identify items as 'Not used in the NT Procedures' rather than making non-NEM standard changes to MSATS transactions?

Yes, Power and Water agrees with this approach.

Address Formats complying with Australian Standards

2. Do participants understand the new address format requirements that come into effect with the new schema R46 as detailed in the NTESMO Standing Data for MSATS procedure?

Power and Water understand the new address format requirements.

Other issues related to consultation subject matter

3. Do you have any other suggestions, comments or questions regarding this consultation?

Power and Water have no other comments at this time.
